

**Duffett specialises in
retail, commercial and
industrial doors.**

We manufacture and service
doors to the highest standards
of quality and durability.

Why Duffett

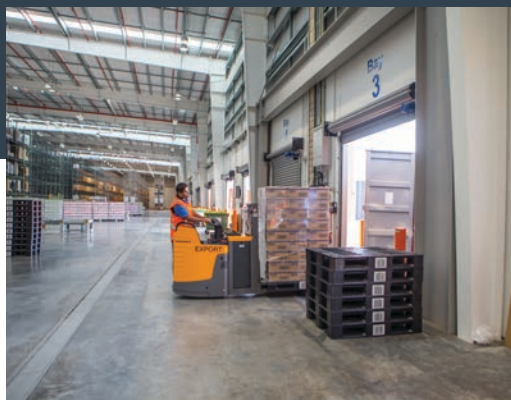

Duffett is dedicated to providing our clients with quality door products and value for money.

We're proud of our record in a competitive marketplace, with our clients saying they prefer Duffett doors because of their quality construction, outstanding performance and long operational lives.

Established in 1926 and still a New Zealand-owned business, Duffett offers more than 90 years of experience in producing retail, commercial and industrial doors. We understand the intricacies of this complex equipment and our clients' need for assurances of performance, reliability, safety and security.

We meet this demand by:

- > designing and manufacturing our own doors at our factory in Wiri. This ensures 100% quality control, enables us to provide products and services quickly and efficiently, and keeps our costs down – so we can pass on the savings to you
- > using New Zealand steel and aluminium, so we can guarantee the strength and durability of our doors and other products
- > offering a warranty on every product we install
- > offering a comprehensive maintenance and repair service for all our doors to ensure their long-term performance
- > providing a 24-hour door emergency repair service
- > assuring clients of our long-term commitment and ability to stand by our product and service.

Industry applications

DUFFETT-MADE DOOR SOLUTIONS

Duffett designs, manufactures and sources door solutions to meet our clients' unique needs and specifications. We apply our solid knowledge and extensive experience in the industry to every door we produce, offering you the benefits of the latest technology, compliance and security developments.

Our range of retail, commercial and industrial door solutions spans the spectrum of industry applications, covering sectors such as:

- > commercial and industrial property
- > warehousing, logistics and distribution
- > apartments
- > carparks
- > retail stores, malls and supermarkets
- > food and beverage businesses
