

"It was Christmas time. Duffett responded within the hour to remove the damaged components of the door then proceeded to repair the door without delay."

Leigh Morris | Property Manager | Seamount

Duffett: The door specialists

*Take a closer look at your doors.
Have they had a 'warrant of fitness' check lately?
Are they operating at their best?*

If you'd like to keep your doors operating efficiently, reliably and safely, contact Duffett. We offer a comprehensive door maintenance and repair service that will:

- identify and resolve existing and potential issues with your doors
- improve the doors' long-term performance and structural integrity
- reduce the business and operational risks associated with poor door performance
- ensure your compliance with the latest building regulations and other legal requirements
- protect the wellbeing of your staff, suppliers and other business associates.

You'll get prompt, top-quality service from highly qualified technicians and, should you ever need it, a 24/7 emergency repair service too.

The Duffett service

Whether you're a tenant or a landlord, we'll help to reduce the risks of malfunctioning, damaged or broken-down doors, and get them performing at their best.

Our door maintenance and repair service includes:

- comprehensive inspections of the doors' physical condition, functioning and moving parts
- checks of all the aspects of door operation, including safety and security
- testing as required for your compliance schedule
- checks for potential health and safety issues for your staff, clients, suppliers and public
- door maintenance and repairs according to urgency, your budget and your asset management programme
- a nationwide 24-hour emergency door repair service, on 0800 383 3388.

We'll also keep records of everything we do, providing you with useful information for budget management, financial reporting and your long-term building maintenance plan.

Why choose Duffett?

Duffett offers more than 90 years of experience as a specialist in retail, commercial and industrial doors of every brand and type. With a proud reputation for superior systems, outstanding products and responsive client service, we can save you the time, money and worries of managing your doors and door systems yourself.

"Really impressed with the speed of response with this repair as well as the professional conduct from all three of these guys on site today. Great stuff."

Petra Cuming | Factory Manager | Dimond

10 reasons to choose Duffett

ONE:

Doors are what we do. We have the know-how and the technology to keep your doors in peak condition.

TWO:

We service and repair retail, commercial and industrial doors of every type and brand.

THREE:

Our technicians are fully qualified and licensed to work in all types of retail, commercial and industrial premises, including building sites.

FOUR:

We've been in the door business for 90 years – that's almost a century of experience!

FIVE:

We are New Zealand owned and source our steel and aluminium raw materials locally. Technology systems are sourced internationally from suppliers that meet our standards of quality, strength and durability.

SIX:

We offer a 24/7 emergency callout service.

SEVEN:

We work from a dedicated door manufacturing factory, where we stock everything we need to repair doors quickly and efficiently.

EIGHT:

Our door systems comply with all New Zealand local authority and government regulations.

NINE:

We manufacture an extensive range of doors, each designed and built to secure and protect your high-value assets.

TEN:

Our doors outlast and perform better than many others due to their design, quality, durable construction and use of revolutionary cold-roll-forming technology.
